Honoring Philanthropy
Every donor is important. Every gift makes an impact. The IEEE Foundation formally recognizes donors for their generous commitment. Depending on your type or level of gift, you may be eligible for a special naming opportunity. We recognize donors under four donor recognition groups:

- **Annual Giving Program**
- **IEEE Heritage Circle** - for Honored Philanthropists through cumulative giving
- **IEEE Circle of Honor** - institutional donors that make a significant impact
- **IEEE Goldsmith Legacy League** - for Forever Generous donors who give through their will or estate plan.

**Transforming Lives through the Power of Technology and Education**

Volunteers and professional staff dedication is exemplified by membership in the IEEE Heritage Circle. IEEE Foundation Executive Director Matthew Loeb (left) and 2014 IEEE Foundation President Leah Jamieson (right) flank IEEE Foundation President Emeritus Richard “Dick” Gowen. Dick and Nancy Gowen are also members of the IEEE Goldsmith Legacy League.
IEEE Foundation Initiatives

As the philanthropic arm of IEEE, the IEEE Foundation inspires the generosity of donors so it may enable IEEE programs that enhance technology access, literacy and education, and support the IEEE professional community.

The IEEE Foundation fulfills its purpose by:
- soliciting and managing donations
- recognizing the generosity of our donors
- awarding grants to IEEE grassroots projects of strategic importance
- serving as a steward of donations that empower bright minds, recognize innovation and preserve the history of technology

With support from donors all over the world, the IEEE Foundation strives to enable and advance the IEEE core purpose to foster technological innovation and excellence to benefit humanity.

IEEE Foundation Initiatives

IEEE programs that enhance technology access, literacy, and education. A joint committee of the IEEE Foundation Board of Directors and the IEEE Life Members Committee reviews the grant applications. Funding is provided from the IEEE Foundation Fund and IEEE Life Members Fund.

The application, current themes, deadlines and specific criteria, are online at ieee foundation.org. Prior to submitting your application online, please review the "Innovative Projects" section of the Web site.

Grants for Your Projects

The IEEE Foundation invites grant applications from IEEE organizational units for projects that address pre-defined themes identified by the IEEE Foundation. The themes align with the IEEE Foundation’s mission to “enable IEEE programs that enhance technology access, literacy, and education.” A joint committee of the IEEE Foundation Board of Directors and the IEEE Life Members Committee reviews the grant applications. Funding is provided from the IEEE Foundation Fund and IEEE Life Members Fund.

The application, current themes, deadlines and specific criteria, are online at IEEEFoundation.org. Prior to submitting your application online, please review the “Innovative Projects” section of the Web site.

Give to the IEEE Foundation

Gifts to the IEEE Foundation provide the resources needed to strengthen IEEE’s ability to advance technology for humanity.

There are many ways you can contribute to the IEEE Foundation.

- By Cash or Check – one of the easiest ways to give is by check made payable to the IEEE Foundation.
- Online – Make a secure online gift by visiting ieee.org/donate and select the fund you wish to support.
- Tribute Gifts – Tribute Gifts are a convenient and meaningful way to honor or memorialize a special person or event. Include the name of the person to whom you wish to pay tribute.
- Gifts of Securities – In the USA, a gift of appreciated securities held for more than one year provides significant tax benefits, including the avoidance of capital gains on profits and tax deductibility on the fair value of the asset. Gifts of securities can be made by physical delivery or through an electronic transfer.
- Matching Gift Program – Double or triple your gift through your employer’s matching gift program. If your company participates, obtain the form, fill it out and mail it in with your contribution.

Legacy Gifts – Leave a Legacy Gift through your will, living trust or charitable remainder trust, or by naming the Foundation as the beneficiary of your retirement plan or life insurance.

Honoraria Gifts – You may elect to donate your speaker honorarium (fee or cash prize) to the IEEE Foundation.

To learn more about giving opportunities, contact the IEEE Development Office.

The transistor has led to advances in virtually every technically related field. Without it, the personal computer, telephone, GPS, and pacemaker would not exist. IEEE honored the breakthrough as an IEEE Milestone in the history of technology.

The transistor was invented by researchers John Bardeen, Walter Brattain and William Shockley’s leadership, in December 1947 at Bell Telephone Laboratories in Murray Hill, NJ, USA.

Donor designated funds of the IEEE Foundation support a variety of student scholarships and fellowships, travel grants, distinguished lecturer series, poster and paper contests and numerous awards.
